

## Setup RSS Feed (Podcast) on Non-iOS Devices

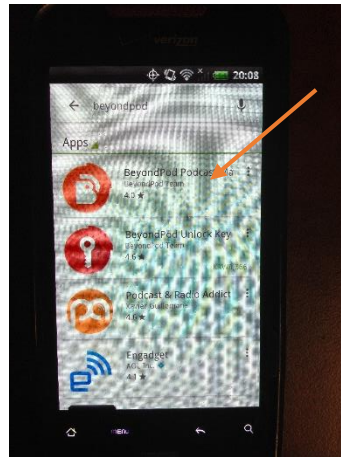

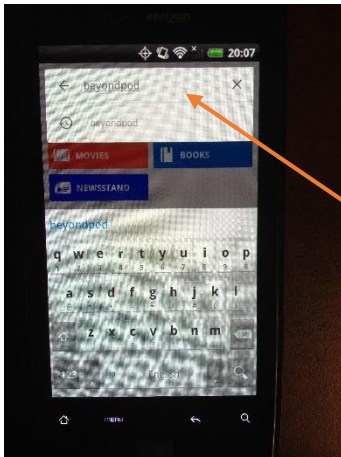

### Introduction

This is a guide in setting up RSS feeds from Whole Counsel Teaching on a non-Apple mobile device, such as Androids or Windows Phone. Below is based on Android 2.3.4 and BeyondPod app, and your situation may vary. Hope this helps.

### Procedure

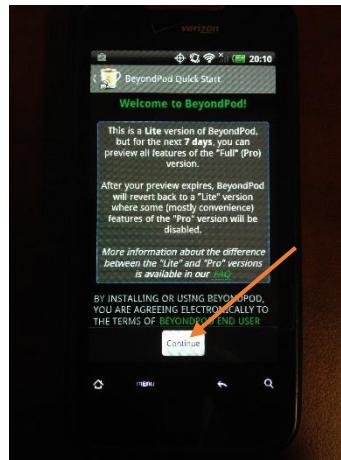

#### 1) Install BeyondPod (podcast) app

- a. Open Google Play Store app 
- b. Search for “BeyondPod”, and tap Install

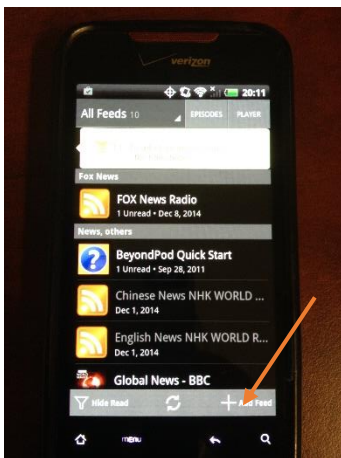

## 2) Subscribe to RSS

- a. Open BeyondPod app , tap Continue

- b. Tap Add Feed, and search for “Whole Counsel Teaching” or  
“<http://feeds.feedburner.com/WholeCounselTeaching>”

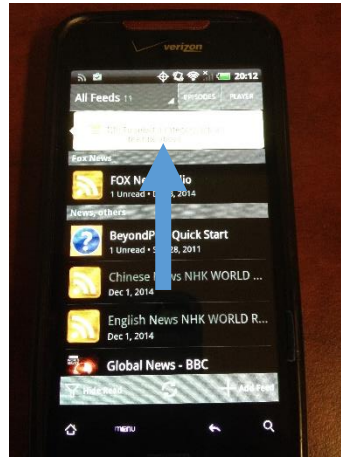

c. Subscribe and pick any category

### 3) Download feeds/items

- a. Touch < to go back, scroll down to find and tap feed

- b. Download item to play off-line by tapping "Download"

c. When download complete, tap item to play
