

## Setup RSS Feed (Podcast) on Computer

### Introduction

This is a guide in setting up RSS feeds for Whole Counsel Teaching on a computer, such as Windows and Mac. Below is based on a Windows 10 64 bit machine and iTunes version 12.3.1.23, and your situation may vary. Hope this helps.

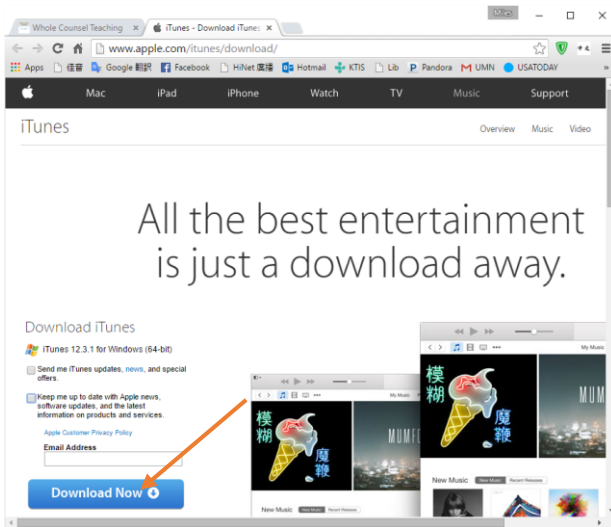

### Procedure

#### 1) Install iTunes

- a. Browse to or click below link

<http://www.apple.com/itunes/download/>

- b. Click Download Now (neither checking the boxes nor providing email address is required)

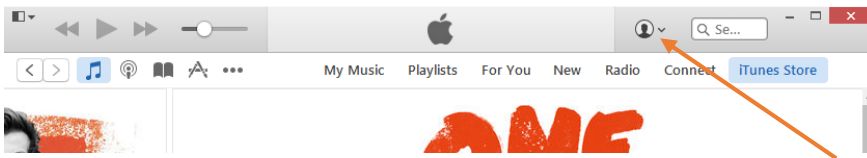

- c. Run the downloaded setup file to install iTunes

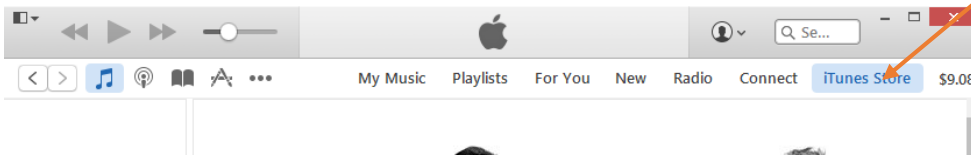

#### 2) Subscribe to RSS

- a. Open iTunes 

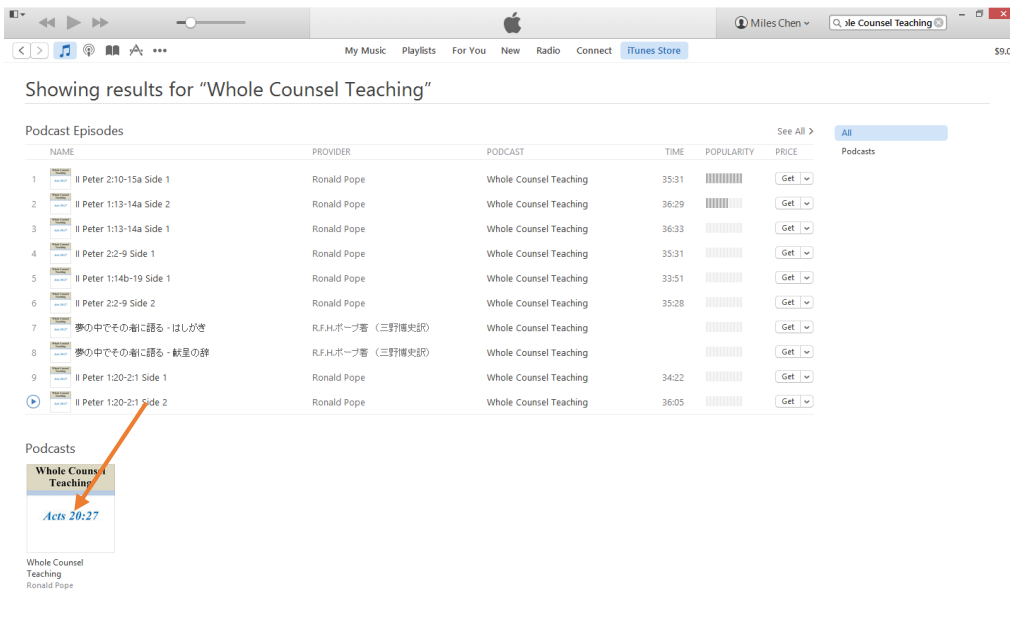

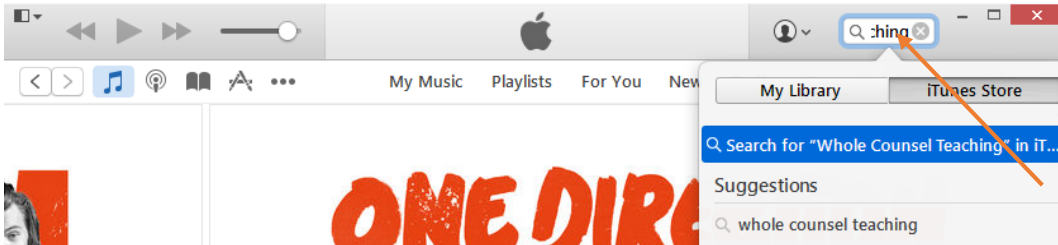

- b. Click the head icon to sign-in (create Apple ID if necessary, required for Podcast subscription)

c. Click iTunes Store

d. Search for “Whole Counsel Teaching” and click Podcasts icona

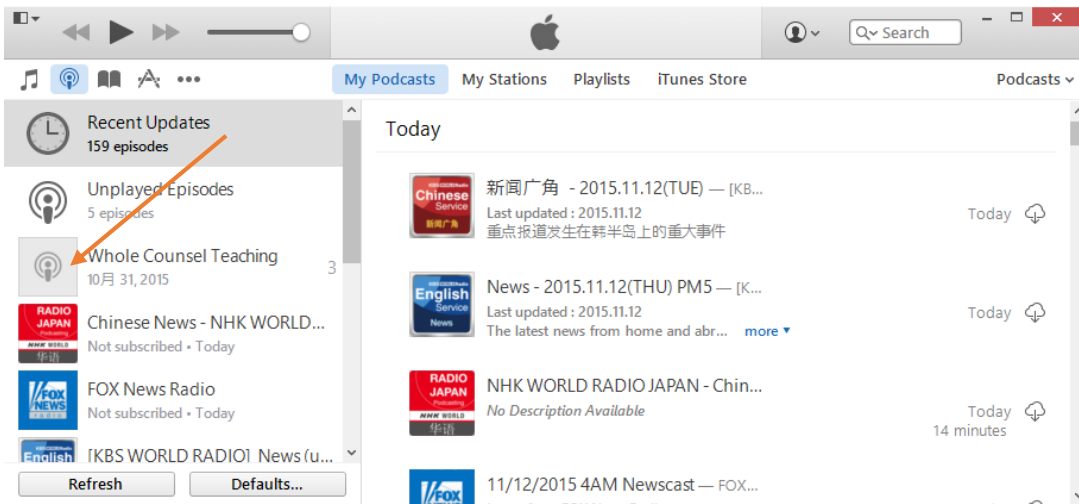

e. Click Subscribe

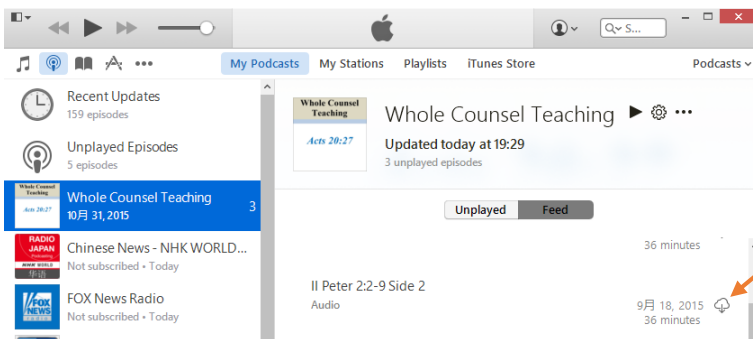

### 3) Download feeds/items

a. Go to My Podcasts and click feed

b. Download item to play off-line by clicking the cloud for the item desired

c. When download complete, double click item to play or view
